OUR APPROACH

It is our responsibility to ensure clients' business sustainability for the purpose of meeting their objectives and then their expectations about our services. Meeting our clients' satisfaction is significance for us.

Nevertheless, in the profession, we are significantly aware of the requirement for ethical integrity. Thus, we always perform our job with independence and objectivity and monitor any possible conflict of interest between our experts and relevant clients. Consequently, we have implemented a quality control system covering the entire departments in our company.

The quality control system that we have built in the company is based on certain criteria connected with the quality of the audit and embraces the following topics:

- Compliance for International Financial Reporting Standards (IFRS).
- Respect for Code of Conduct and Objectivity.
- Ability and skill of colleagues who will perform the service.
- Execution and supervision of any engagement.
- Accepting and carrying out mandates.
- Technical consulting.
- Independent review.
- Quality Control.

HLB INTERNATIONAL

HLB is a global network of independent advisory and accounting firms. We have a history of innovation, collaboration and are dedicated to helping clients grow across borders. Through the power of 30,485 professionals across 157 countries, we combine local expertise and global capabilities to service your needs. Our members are locally established with deep roots in their local communities yet are closely connected with professionals from across the world. We support clients as they grow nationally, regionally and globally, ensuring a consistent high-quality client experience and personalized service wherever you operate.

HOW WE WORK TOGETHER

Regardless of what sector you operate in, business is about people. Building a trusted relationship with you wherever you take your business is highly important to us. To best service our international clients, we take the time to get to know you and understand your specific needs.

Once we understand your business needs, your trusted HLB advisor at home will introduce you to a localised HLB client team set-up especially for you to cover the jurisdictions of your interest. They will serve as your local business guides to help navigate through the new business environment and help you comply with local regulation. Your HLB advisor at home will be kept in the loop of your foreign projects - functioning as an additional safety to avoid misunderstandings and to enhance the building-up of a sturdy client service relationship.

At HLB, we work closely with our colleagues in the countries you're expanding into and guarantee a seamless HLB client experience and soft landing in new territory.

Our Core Values

Showing a definite concern in the business issues and problems that are challenging our clients and working closely with them to solve these problems or any other business dilemma by developing and implementing inspired solutions.

Developing long-term valuable business relationships with our clients is significant to our firm than short-term profit.

Recruiting merely high caliber individuals to ensure effective quality assurance and helping them to develop all the necessary professional and ethical attributes required to make them all competent business advisors.

Make a great effort to meet our integrity and objectivity in all professional and business decision making.

Integrity is the cornerstone of our firm. Preserving our honor and the reputable name is predominant to us and is never compromised.

ACCOUNTING TREATMENT OF THE COMPLEX TRANSACTIONS

With our experts, we perform an advisory role to the companies, which are encountering difficulties in accounting for complex transactions including business combinations, derivatives, accounting for changes of IFRS etc.

FEASIBILITY STUDIES

Our team keenly focuses on your business model and have an excellent understanding of complex data. Their skills include clear communication, multitasking, organizational skills, as well as analytical, observational, and critical thinking.

We conduct market research independently, with our own resources, and work with leading market research firms in Qatar to obtain accurate market data, which, in turn, forms the foundation of a good feasibility study.

Our deliverables to clients are in exhaustive reports and presentations, which include detailed financial models developed using spreadsheets and relevant supporting documents. We also develop summarized project teaser documents that potential investors might like to review before making further investments decisions.

We will help you assess your chances of success, and our engagement will provide the confidence that your investors will need to participate in your ventures.

BUSINESS VALUATION

If you are looking to buy, sell or transfer shares in a business in Qatar, it is important to ensure that during the valuation process, you have selected the appropriate method and resources to ascertain the right transaction value that is fair and acceptable to all parties.

Our experts help firms and investors in Qatar in determining the enterprise value and supporting them through the transaction process.

We use different valuation methods, and normally, any one of the methods or a combination of these are used based on our judgment and availability of data.

- Income Approach (Discounted Cash Flow Method)
- Market Approach (Market Comparable)
- Asset Approach (Net Asset Value)

PAYROLL OUTSOURCING

A payroll system streamlines and automates the process of paying a company's employees. Accurate and timely payment of wages play a crucial role in the functioning of an enterprise, and for this, an affordable, efficient and smooth payroll process is mandatory.

Our experts help in managing the other components such as leave, travel expense, accrual, EOSI calculation that simplifies HR processes.

AML/CFT COMPLIANCE SERVICES IN QATAR

Governments across the globe have been taking measures to increase the scrutiny of AML/CFT processes and controls, to fight Financial crimes in which are threatening the stability, reputation, and integrity of the financial system of the countries.

We work as a consultant to conduct independent assessments of Anti-money Laundering, Combating the Financing of Terrorism & Sanctions Compliance Frameworks across multiple sectors. Our team of experts can help you in developing, implementing, and enhancing your compliance regime not only for Exchange Houses, Banking, and Insurance sectors but also for other Designated Non-Financial Businesses and Professions.

Corporate services

Our quick understanding of applicable business policies, our contact with relevant authorities, and our expertise in the field have made us one of the most preferred choices for company formation and company registration in Qatar.

We provide end-to-end services when it comes to company incorporation in Qatar. We are known for our professionalism and competency in the services we provide. Our dedication and commitment can be seen in the testimonials of all our clients.

COMPANY FORMATION AND LEGALIZATION IN QATAR

There are several ways to start a business in Qatar. Depending on the type of business, the company can be registered under various authorities.
